Christmas House would like to extend a special "thank you" to the Everett Boys & Girls Club, the Everett Silvertips, Les Schwab Tires and Pacific Power Batteries for truly making a difference this past holiday season. The Everett Boys & Girls Club generously provided "our home" in their gymnasium at 2316-12th Street in north Everett. The Silvertips spearheaded fundraising at several hockey games that generated thousands of dollars of support from generous fans. Les Schwab organized a corporate toy drive that generated more than 5,000 toys from charitable customers. And finally, Pacific Power Batteries donated thousands of batteries that powered all the toys in need of batteries.
